Further information

About me

Responsible front end developer with 2+ years of experience in building responsive websites and modern web apps on Vue 3.

In projects I prefer to use modern stack like Vue 3, pinia, vite. Have an experience of building a bunch of apps using this stack for European market from scratch.

Experienced in working in multilingual teams, worked a year in Berlin. I am always ready to solve tasks both in team and alone.

Ready to become a valuable unit in an awesome team.
